

FREQUENTLY ASKED QUESTIONS

COST

Q: Your “collaborative services” sound like they would be expensive. What if I don’t want to pay for a group of experts?

A: You would be surprised how affordable our rates are! You may request one expert, or any number of qualified experts. **You set the budget**, and we provide the services.

CONFIDENTIALITY

Q: I see that my request for help is sent to all your members. What if I don’t want everyone to know who’s asking for help? I’m afraid my competitors will find out what we’re developing or what problems we have.

A: STRIDE removes all client information from its requests before sending them to members. Once you have chosen the member (or team of members) to help you, NDA’s will be signed. **Your secrets are safe with STRIDE.** *It should be noted that NDA’s are signed with STRIDE leadership before your project/problem is discussed with us in detail.*

INTELLECTUAL PROPERTY

Q: What about Intellectual Property?

A: **You own any and all Intellectual Property** developed during our work with you, unless otherwise negotiated.

GENERAL

Q: Can you accommodate very small or very large jobs?

A: **STRIDE can handle requests of any size or complexity**, from one hour of telephone consulting to long-term, multi-disciplinary research projects.

Q: Can we meet in person at your office or lab?

A: Yes! We have offices and labs at Delaware Innovation Space in Wilmington, DE as well as offices at the University of Delaware in Newark, DE. We would be happy to meet at your location or one of ours.
